

*TerraForm Power owns and operates a best-in-class renewable power portfolio of solar and wind assets located primarily in the U. S. and E.U., totaling more than 3,700 MW of installed capacity. TerraForm Power's goal is to acquire operating solar and wind assets in North America and Western Europe. TerraForm Power is listed on the Nasdaq stock exchange (Nasdaq: TERP). It is sponsored by Brookfield Asset Management, a leading global alternative asset manager with more than \$350 billion of assets under management.*

## **SENIOR ANALYST, TECHNICAL ACCOUNTING:**

Location: New York City

### **Role Summary:**

Reporting to the Director of Technical Accounting and M&A, this individual will be responsible for the preparation and execution of key aspects around Technical Accounting. This is an exciting opportunity to join a dynamic team in a growth-oriented company.

### **Responsibilities:**

- Assist in the preparation of goodwill and identifiable intangible annual impairment testing;
- Assist in the calculation of the Company's non-controlling interest allocations using Hypothetical Liquidation at Book Value (HLBV) methodology;
- Assist in the valuation and expense recognition of the Company's leases under ASC 842;
- Assist in the valuation of the Company's business combinations and asset acquisitions;
- Assist in M&A due diligence and integration;
- Research US GAAP and/or IFRS accounting standards (exposure to complex accounting matters such as business combinations and lease accounting is a plus);
- Assist in the preparation of position papers on the impact of new accounting standards on the Company's accounting policies and internal control considerations;
- Assist in analyzing and developing accounting policies for day-to-day business activities (e.g. new contracts and transactions, etc.)
- Document internal controls related to technical accounting and financial reporting in accordance with the Sarbanes-Oxley Act

### **Qualifications/Requirements:**

- Bachelor's degree in Accounting or related field, CPA Certification or meet minimum requirements for the CPA.
- 5+ years combined experience in a Big 4 public accounting and/or large public company.
- Experience in researching US GAAP and IFRS accounting standards (exposure to complex accounting matters such as acquisition accounting, derivatives is a plus).
- Strong technical writing acumen
- Understanding of the application of new rules for lease accounting and revenue recognition.

### **Preferred Characteristics:**

- Experience in the energy sector is a plus.
- Ability to work within a fast-paced environment;
- Comfortable performing multifaceted projects in conjunction with day-to-day activities.
- Experience in financial modeling
- Team player, positive, willingness to learn & adapt to business needs
- Strong written and verbal communication skills
